

Regional PSL Program/City of Alameda- Alameda Point

Provide this form to EBMUD to initiate the PSL certification process for any Alameda Point applicant seeking a Compliance Certificate due to construction/remodel with a City permit, change in water meter size, or sale.

- Applicant must let City know they are a tenant or parcel owner in Alameda Point when they pull a permit through the City.
- A tenant/parcel owner cannot schedule an EBMUD PSL inspection until PSL staff has approved this form and accompanying documents.
- Send form and documents to psl@ebmud.com.
- All fees associated with the PSL inspection must be paid before compliance is approved for a tenant/parcel owner.

Required Information

- Submit 8.5”X11” map to EBMUD that includes outline of parcel and identifies which lengths of pipe the tenant or parcel owner is responsible for certifying, and which pipes on the parcel will be addressed by the City, other tenants, or parcel owners. The map should clearly identify PSLs to be tested including length, as well as applicable mains and manholes.
- Parcel number(s) of Property (tenants list parcel your leased property resides on)

- Parcel Address _____
- Property Address and special instructions re: building/directions/gate code

- City of Alameda permit # _____
- City of Alameda contact for permit (name and phone) _____
- Applicant Point of contact for questions about map/scheduling/inspection

- Contractor contact name and phone _____

Note: ALL inspections for Alameda Point must be scheduled as SPECIAL appointments. Call (510) 287-1599 to schedule, and mention it is an Alameda Point PSL. DO NOT USE THE www.eastbaypsl.com WEBSITE TO SCHEDULE AN INSPECTION.
